

Agenda item 04 Provider licence conditions – self certification Board of directors 22 June 2023

Report title	title Provider licence conditions – self certification	
Report from	Report from         Interim company secretary	
Link to strategic objectives	The attached papers link to all strategic objectives	

#### **Executive summary**

NHS England (NHSE) oversees compliance with provider licence conditions. Moorfields Eye Hospital NHS Foundation Trust (MEH) is required to self-certify that it has complied with the conditions of the NHS provider licence, has in place standards of good corporate governance and has the required resources available if providing commissioner requested services.

Self-certification forms part of NHSE's annual risk assessment of trusts. Providers must demonstrate that they have carried out the self-certification process and make the compliance statements available.

## What is required?

The board must sign three declarations related to quality, governance and resources. The specific requirement is to self-certify that MEH has:

- a. Effective systems to ensure compliance with the conditions of the NHS provider licence, NHS legislation and the duty to have regard to the NHS Constitution (condition G6)
- b. Complied with governance arrangements (condition FT4); and
- c. As a Foundation Trust, has the required resources available if providing commissioner requested services (CRS) (condition CoS7).

#### Quality implications

As detailed in the compliance statements.

#### **Financial implications**

As detailed in the compliance statements.

# **Risk implications**

There is a risk to the trust and directors as individuals for any failure to comply with statutory requirements relating to submission of the annual compliance statements, and in particular, failure to comply with the conditions of the licence.

## Action required/recommendation.

The board is asked to approve the attached compliance statements and approve their publication on the trust website.

# 2022/23 – Board self-certification (evidence)

#### **APPENDIX 1**

#### GENERAL CONDITION 6 - SYSTEM FOR COMPLIANCE WITH LICENCE CONDITIONS (FTs and NHS Trusts)

MEH must confirm or not confirm compliance with the statement below. This appendix contains the list of evidence and the separate corporate governance statement (Appendix 3) alongside the Annual Governance Statement and the Annual Report. The committee is asked to recommend that the Board confirms the statement. In summary this states that in 2022/23 the Board was satisfied that it met the conditions of its foundation trust licence. If confirmed, MEH will publish a compliance statement on its website by the end of June.

Statement	Evidence of compliance	Relevant
G6		committee/group
Following a review for the purpose of paragraph 2(b) of licence condition G6, the Directors of the Licensee are satisfied that, in the Financial Year most recently ended, the Licensee took all such precautions as were necessary in order to comply with the conditions of the licence, any requirements imposed on it under the NHS Acts and have had regard to the NHS Constitution.	For the purposes of licence condition G6, the Board is satisfied that the Trust took all such precautions as were necessary in order to comply with the conditions of the licence, the NHS acts and Constitution. The corporate and clinical governance functions monitor compliance with all statutory and regulatory requirements and report to the Board as necessary. The annual governance statement in the Trust's annual report for 2022/23 describes the Trust's system of internal control and the processes in place to identify, evaluate and manage operational risks and risks to the achievement of the Trust's strategic objectives. Key elements of this system include the Trust's Risk Management Framework and approach to Board assurance; the Board committee structure and the committees' role in risk management; the approach to quality assurance and quality improvement; and the Trust's performance management framework. No significant internal control issues, or risks to compliance with the	Audit & risk committee Quality & safety committee Finance committee
	provider licence or the requirements imposed under the NHS Acts, have	

been identified during 2022/23. The Trust continues to account for the conditions of both in the delivery of its healthcare services.	
The Trust has received a positive Head of Internal Audit opinion on the effectiveness of the Trust's system of internal control. The Trust's Risk Management Framework (which includes the BAF, CRR and Directorate Risk Registers) enables informed management decisions in the identification, assessment, treatment and monitoring of risk. The Trust's BAF provides a structure for the effective and focused management of the principal risks in meeting the Trust's strategic priorities. It enables easy identification of the controls and assurances that exist in relation to the Trust's key objectives and the identification of significant risks. Each risk on the BAF is allocated to an executive lead. The Audit & Risk Committee reviews the relevant entries on the BAF quarterly.	

#### **APPENDIX 2 – Continuity of Services Declaration**

#### DECLARATIONS REQUIRED BY CONTINUITY OF SERVICE CONDITION 7 OF THE NHS PROVIDER LICENCE

The committee is asked to review the continuity of services condition 7 statements which require self-certification statement about availability of resources in the coming 12 months. There are three statement options set out below. MEH must **confirm one** of the statements.

#### STATEMENTS

#### EITHER

(A) After making enquiries, the Directors of the Licensee have a reasonable expectation that the Licensee will have the Required Resources available to it after taking account of distributions which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate

## OR

(B) After making enquiries the Directors of the Licensee have a reasonable expectation, subject to what is explained below, that the Licensee will have the Required Resources available to it after taking into account in particular (but without limitation) any distribution which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate. However, they would like to draw attention to the following factors (as described in the text box below) which may cast doubt on the ability of the Licensee to provide Commissioner Requested Services.

#### OR

(C) In the opinion of the Directors of the Licensee, the Licensee will not have the Required Resources available to it for the period of 12 months referred to in this certificate.

#### Recommendation:

The Audit Committee has reviewed and recommended to the board that **Statement A** should be confirmed and to note that there is no plan to draw attention to any factors which may cast doubt on MEH's ability to provide Commissioner Requested Services.

The Board and its committees, having reviewed the financial statements, are satisfied that the Trust has the required resources to fulfil the requirements of the licence, and that appropriate monitoring and escalation procedures are in place.

The Board discusses and approves the Trust's strategic and annual plans (and budgets) taking into account the views of the Membership Council.

The Trust sets its budget on an annual basis and actively manages and monitors its financial position, resource levels, quality and performance on a regular basis during the year through routine performance reporting to the Board and its committees, with scrutiny and oversight by the Executive Team and through local structures.

The Board's finance and performance reports provide assurance to the Board on the delivery of the Trust's strategy and Trust-wide performance, finance and compliance matters, and seeks to demonstrate how the Trust is improving the quality of life for all we serve.

Performance and quality review meetings assess each directorate's performance across a full range of financial and quality metrics that, in turn, forms the basis of the monthly integrated performance, quality and compliance.

The Executive team, the Board and its standing committees continued to meet during the year in line with forward plans, maintaining control of decisionmaking and oversight of risk and performance.

# DECLARATION: CORPORATE GOVERNANCE STATEMENTS (FTs and NHS Trusts)

Column 1 Corporate Governance Statement	Column 2 Response options (confirmed or not confirmed)	Column 3 Risks and mitigating actions
