

complete a Certificate of Vision Impairment (CVI) to indicate that you are eligible to be registered with your local council.
You will then be asked to sign the form/certificate to complete the first stage of the registration process.

Stage 2- registration (in the community)

When the council receives a copy of your Certificate of Vision Impairment (CVI), someone should contact you and invite you to register as sight impaired or severely sight impaired. They will put you in contact with your local sensory impairment department.

What is the sensory impairment department?

The sensory impairment department helps anyone who has a degree of sight loss. They are able to provide services like social work support, general advice, vision rehabilitation, practical support and mobility training.

Please contact your local eye clinic liaison officer (details on first page) if there are any delays to the procedure above. You can also be referred to our ECLO services by your hospital eye health professional, optician, GP, social services team or other health specialist.

Your right to treatment within 18 weeks

Under the NHS constitution, all patients have the right to begin consultant-led treatment within 18 weeks of being referred by their GP. Moorfields is committed to fulfilling this right, but if you feel that we have failed to do so, please contact our patient advice and liaison service (PALS) who will be able to advise you further (see above).
