Technician

Q4 . Please include the reason for their resignation, if any

Section 40(2) of the Freedom of Information Act 2000 (FOIA) allows a public authority to withhold information from a response to a request under the FOIA when the information requested is personal data relating to someone other than the requestor, and under section 40(3)(a)(i)] its disclosure would contravene one of the Data Protection principles.

We consider that such a disclosure would be unfair and in breach of the first Data Protection principle which states that – “Personal data shall be processed fairly and lawfully.”
